### China's First Listed Consulting Company

Consisting of the Head Office and a subsidiary CCID Data, CCID Consulting is a company that dedicates to providing professional market research and management consultancy services. Through more than ten-year of efforts, CCID Consulting was successfully listed in Hong Kong Growth Enterprises Market on December 12, 2002 (Stock code: HK8235) and became China's first listed consulting company.

Capitalizing on its many years of research and services in the IT industry, CCID Consulting currently conducts research in a wide range of fields, including computer and peripheral equipment, software and services, communications and networks, telecommunications, semiconductor, mobile terminals, digital products, consumer electronics, E-government, automobile and other industries and markets. Through the four major business models of regular research, personalized consulting, conference organization and online value-added services, CCID Consulting provides its clients with consulting services that cover the entire industry chain ranging from upstream suppliers and terminal users. It also offers enterprises with comprehensive professional services from a multitude of perspectives, including management, operation, channel, strategy, services and brand.
